EXPRESS

(Continued from page one.)

such increase in rates. The Charleston Chamber of Commerce expects to vigorously oppose the approval of these rates at the hearing March 20 and has asked the various commercial bodies of the state, including our own, to co-operate with them in their protest against the approval of these rates by the Public Service Commission. If the complaint as filed by the Charleston Chamber of Commerce is based upon fact then this question vitally concerns the interest of every express shipper in West Virginia and the Charleston board should have tried investigation of the new tariff and would appreciate opinions from any and all express shippers in this district.

If you find that the new tariff has increased rates rather than decreased them, please or write us at once, letting us have your views. The matter is to be placed before our board of directors tomorrow night and the secretary is asked to meet representatives of other organizations in Charleston on the twentieth, to present formal protest before the commission.

We shall appreciate opinions from all interested parties.

MINER STABBED

Seriously in Fight at Lost Creek and Alleged Assailant is Jailed.

August Stralat, a Lost Creek coal miner 48 years old, is a patient in St. Mary's hospital here suffering from serious stab wounds in the abdomen and John Hostovski, a fellow miner, is a prisoner in the county jail accused of attempting to murder him as the result of a fight between the two Sunday evening.

Hostovski was arrested by a constable of that section shortly after the stabbing and was taken to the county jail under a warrant issued by John E. Batten, a justice of the peace at Lost Creek. Stralat's condition was so serious that it was deemed best to bring him to the Clarksburg hospital forthwith.

NEW OFFICES.

(SPECIAL TO THE TELEGRAM)
WASHINGTON, D. C., Mar. 16—Three new postoffices have been established in Mercer county, as follows: Beeson, with Earl O. Harrah, present address Springtown, as postmaster; Burg, with J. Ward Parley, present address Spanishburg, as postmaster; Oney Gap, with T. A. Becher, present address Princeton, as postmaster.

SHORT SESSION COURT.

One drunk was the result of the activities of the police Sunday and the evil-doers were on their good behavior or kept their evil deeds concealed from the eyes of the blue-coated guardians of the peace. The lone offender was released Monday morning, he being unable to contribute his assessed fine.

ONE DEATH

Results from the Lowe Building Fire Here a Week Ago Monday Morning.

Archie Wilson, aged 33 years, a mechanic employed by the Newcombs Garage Company, one of the five persons injured last Monday morning when the Lowe building was destroyed, died in a local hospital at 8 o'clock Sunday evening after suffering a week with the injuries and burns received.

Wilson and several companions were trapped on the third floor of the Lowe building and before he could make his way out of the building he was severely burned about the face, arms, neck and legs, and it is thought that he was internally injured when he jumped.

The body of the deceased young man was prepared for burial and it will be taken to his home at Harrisville Tuesday morning, where the funeral services will be held in the Baptist church Tuesday afternoon and burial will be in a Harrisville cemetery.

Although Wilson had lived here only a short time he was well known and had a host of friends who were pained to hear of his death.

All the others injured are rapidly improving and they will be able to be out in a short time.

SPECIAL CARS

To Buckhannon Will Be First to Go over Cut-off at the West End.

The cutoff at Clarksburg which will give Weston cars of the Monongahela Valley Traction Company an entrance into the interurban station without having to operate upon the streets of the city, will be placed in operation this week, according to official announcement. The first cars to go over it will be the specials which will be operated from Fairmont and Clarksburg to Weston on Tuesday evening, on account of the basketball game at Buckhannon. The new track will be gotten ready for these cars and it is advertised that all cars will leave Clarksburg for the same from the interurban station instead of from Fourth street; the present terminus of the Weston line.

Everything but the ballasting is completed on the cut-off and it is announced that three cars of cinders are in the Adamston yards to be placed on the new track on Monday.

Starting Wednesday morning the cutoff will be used regularly by all cars operating on that line.

SMALL PUMPER

Is Drilled on the Conaway Farm on Hall's Run in Ten-mile District.

On Hall's run, Tenmile district, this county, L. H. Wilson has drilled a test on the J. B. Conaway farm through the fifth sand and will not have better than a five-barrel pumper. In the same district the Carnegie Natural Gas Company drilled its No. 3 on the J. L. Strother farm through the fifth sand and found nothing but a slight show of oil in the fourth sand.

In the Wallace district the Vesper Gas Company's No. 6, Perry and Ditman, Hartness and Company's Estlack lot well, are holding up at 200 and 130 barrels, respectively.

FINE CAR

For Clarksburg is Being Built at Car Barn of Traction Company at Fairmont.

At the Fairmont shops of the Monongahela Valley Traction Company, there is in course of construction, a fine car which will be sent to Clarksburg, when completed and used exclusive on that end of the system. These are the cars sent out to make repairs and to do the general work on the roads. Those already in operation by the company are now kept so busy that it is almost impossible to get one as soon as needed. The new car will be kept in the Clarksburg yards and provided with a day and night crew. In a few minutes it can be gotten to any point in the Clarksburg district where a creek may occur.

BRIEF FILED

By Snow As He Could Not Wait and Hughes Will Explain the Matter.

(SPECIAL TO THE TELEGRAM)
WASHINGTON, D. C., Mar. 16—C. P. Snow, of Huntington, attended the hearing before the Interstate Commerce Commission in regard to whether the railroads will be allowed to charge two dollars each for "spotting" cars, or placing them on private sidings for the use of shippers. Mr. Snow expected to address the commission on the subject, but found engagements made ahead of him which would take up two or three days, so he filed his brief and the resolutions of the Huntington Chamber of Commerce in opposition to the charge, and left Congressman Hughes to address the commission in explanation of the attitude of the Huntington Chamber of Commerce. Mr. Hughes being here anyway could await an opportunity to be heard, while Mr. Snow did not feel that he could remain longer and was informed that his brief would receive as much attention as any speech he might make.

NEW SPRING STYLES

We are showing Women's, Misses' and Girls' Apparel at the same time the new styles are being brought out in Paris and New York. Our large stocks of new Coats, Suits and Dresses reflect the creative genius of the most celebrated designers, modified to meet the refined taste of American Women.

Changes this season are radical. The lines of the Coats and Suits are such as to require little or no fitting, but garments must be made right at the outset this season ever to wear right.

In this connection we wish to inform our patrons that twenty-five of the best American manufacturers now confine their output to McCreery and Company outside of New York. They have been won over by our discriminating buying, which, after all, is merely the reflection of the good taste of our patrons.
